

BasicPlus

Garden

BasicPlus, our 20 mm high grass, ideal for medium traffic terraces. With softer fibers and an adequate recovery, thanks to C-shape BodyShape technology.

In addition, the model has straight yarn in two shades of green and textured fibers with a root effect, green / beige, which gives it greater naturalness and realism.

It recreates the essence of a basic grass to create spaces full of colour and stands out for its excellent quality/price ratio.
