

Comfort Garden

It is ideal for premium gardens that seek maximum naturalness. Our Look&Feel technology gives this model an unequalled look of naturalness and realism by combining 3 fibre heights and 7 yarn colours.

The variety of fibres is divided into three classes:

- **Straight fibre** 100%, 40 mm high, with SoftMax technology, making the product incredibly soft.
- **Semi-textured fibre:** KdK at 90% of the total height of the product, imitating grass in its sprouting.
- **Texturised fibre** at 70% of total height, two-colour root effect, green/beige imitating the root effect of natural grass.

- ▲ D-shaped Monofilament
- ▲ Look&Feel technology
- ▲ Green and beige curl
- ▲ Height: 40 mm
