

Oasis Garden

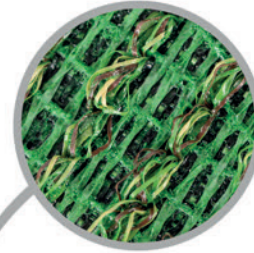

Reconnect

Our 25 mm artificial grass is enhanced by a combination of three fibre heights: straight fibres with a C-shaped cross-section, semi-texturised fibres with KDK technology that provide increased resilience and durability, and texturised root-effect fibres in three colour tones. It is ideal for pet-friendly areas, as it features our innovative **Primeback** backing: an extra-draining, micro-perforated system sealed with polyolefin-based materials from the same family as the fibres. This allows for a more efficient recycling process, as no material separation is required.

With excellent tuft bind resistance and fibre recovery after footfall, and thanks to the mix of fibre heights and colours, the product achieves a highly natural appearance and long-lasting performance.

- ▲ C section monofilament
- ▲ KDK Technology
- ▲ Green, brown and beige curl
- ▲ Height: 25 mm

Primeback
100% recyclable
High drainage capacity

Specifications

General Data

Color	Three tones green green, beige and brown curl
Ancho de Rollo	2x25 m 4x25 m

Specifications

Composition	Polyethylene and Polypropylene in curl
Type	C shape Monofilament
Dtex	14,100
Pile Height	25 mm
Gauge	3/8"
Stitches/m ²	13,125
Fiber Weight	1,170 g/m ²
Total Weight	2,630 g/m ²
Primary Backing	Polypropylene
Secondary Backing	Primeback

Test and Certificates

DURABILITY
UV Stability Scale >3 (UNE-EN 20105-A02)
Permeability 165 l/min/m² (UNE-EN 12616:2014)
Chlorinated water stability (ISO 105-E 03:2010)

SECURITY 100%
Bacteria free (ASTM G 21:2013)
Non toxic (EN 71-3)
Non flammable (EN 13501 Cfl-s1)

ECO
Zero Waste
ISO 14.001
100% Recyclable (CSIC)

Infill

Recommended infill from 10 to 15mm Stabilization.
